

EMCON 2026 Day 1 (30.10.2026) Scientific Schedule

Time	Hall A	Hall B	Hall C	Hall D (PEM)	Hall E (EM Pearls)		Hall F Nursing
07:30-08:20	Young faculty talks	Young faculty talks	Young faculty talks	Young faculty talks	Young faculty talks		
Theme	Rewriting the Rules of Survival	Airway under pressure	Stopping the Spiral of Death	Pediatric EM	08:30 to 10:30	The Rhythm That ACLS Didn't Prepare You For- Dr. Vysakhan M.S	The Future of Emergency Nursing- Triage, Technology & Patient Flow
08:30 - 08:50	ER in the year 2060!.. The Future of Resuscitation - Dr M Rajadurai	Decision-Making: Physiologically difficult airway- Dr Kanchanamala	Whole Blood Resuscitation: Rebuilding Circulation with Functional Blood- Dr Shiju Stanley	08:30- 08:40 Pediatric emergency unit on wheels: experience- Dr. Gundas Srinivas		The Unknown Patient who gets Intubated in ED- Dr Aayushi Chokshi	ED Boarding: Impact on Nursing Workload and Patient Safety- Ms Jessica D'souza
08:50 - 09:10	Precision Shock Management- Dr Khusrav Bajan	Airway Management : Advances and Updates- Dr Venugopalan PP	Damage Control Resuscitation: Preserving Physiology Until Bleeding Is Controlled- Dr Harshitha Sridhar	08:40- 09:10 Panel discussion: Building a Research Culture within your ED Dr. Stuart Dalziel/ Dr. Simon Craig/ Dr. Sivaraman/ Dr. Raghavendra Vanaki		The Young Man Who Never Woke Up: Preventing Sudden Cardiac Death- Dr. Bodhisatwa Choudhuri	The Nurse-led ED triage- Ms Madhura Muley
						The Syncope Patient Who Could Die on Your Night Shift- Dr Karthikeyan	Pediatric Triage Pearls Every ED Nurse Should Know- Dr Hinduja
09:10 - 09:30	ROSC is just a begining: Post-Cardiac Arrest Care- Dr Aruna Ramesh	Surgical Airway: When Seconds Decide Survival- Dr Shabbar Joad	Trauma Coagulopathy: ROTEM/ TEG Targeted Haemostasis- Dr Beatrice Hoffmann	Can Future Doctors Save a Life? Evaluating BLS Readiness- Dr. Ramesh Neelannavar		The Chest Pain That Wasn't an MI (Unmasking the Acute Aortic Syndromes)- Dr MVN Suresh	Optimizing ER Patient Flow- from Door to Disposition- Ms Lavina Lall
Theme	Advanced Resuscitation Frontiers	Cardiovascular Emergencies	Shock Reimagined	Airway		The Viral Fever that became Cardiogenic shock- Dr Mukesh Kumar	Emergency Room Nursing Pearls
09:30 - 09:50	Resuscitative TEE: The Eye inside the arrest- Dr Rasha Buhumaid	STEMI Systems of Care: Building the Race Against Time- Dr Joshua Vijay J	Beyond Nor-epinephrine: Pressors with Purpose- Dr Kumar Raj	Apneic Oxygenation During Intubation: Evidence Meets Practice- Dr. Stuart Dalziel		The Heart that Failed Despite Everything- Dr.Purusatyam Chakraborty	Improving Compliance with the Sepsis One-Hour Bundle- Ms. Belinda Sawant
09:50 - 10:10	ECMO in Emergency Medicine: When Conventional Resuscitation is Not Enough- Dr Sandeep Gore	hs Tropl: Rapid Rule In Rule Out Policy in ED-	Dynamic Hemodynamic Monitoring: Treating Responsiveness, Not Static Numbers- Dr Michael Kiuber	Miles to Go: Protecting the Pediatric Airway During Transfer- Dr. Prem Kiran		SCAPE: Drowning on Dry Land- Dr Nabarun Das	Geriatric Screening Tools for Nurses- Ms Vaishali Dhondge
						HPV Vaccination- Dr Priya Ganesh Kumar	Reducing Specimen Rejection Rates in the ED- Ms Minimole Varghese
10:10 - 10:30	AI-Powered Resuscitation: Smarter Decisions Under Extreme Pressure- Dr Sally McCarthy	Chest pain Evaluation in ED- Changing dynamics - Dr Sanjay Mehta	Lactate Beyond Sepsis: Interpreting Metabolic Stress Without Being Misled- Dr Santhosh Kumar Singh	Zero Hypoxia, Zero Bradycardia: The PREM Intubation Quality Bundle- Dr. Akila Sivakumar		The dangerous drug interaction you didnt see coming- Dr Lakshmi Kangjam	Q&A session
10:30 - 11:00	Keynote lecture- My experiments in research & resuscitation- Padmashree Dr Himmatrao Bawaskar/ Moderators- Dr Sandeep Gore & Dr Saravana Kumar S						

11:00 - 11:30	Keynote lecture- Dr Pauline Convocor Modeartors- Dr Shree Sowjanya P & Dr M Rajadurai						
11:30 - 13:30	EMCON 2026- Research/ Poster/ Competitions						
13:30 - 14:00	SIM Theatre- Resuscitative Thoracotomy- Dr Akshay Deodhar and Team			Triage	13:30 to 15:00	COPD Exacerbation Pitfalls- Dr Alok Gangurde	Resuscitation, Trauma & Time-Critical Care
	Trauma Emergencies	Race against time	The Ultrasound Revolution			Severe Asthma Rescue-- latest updates- Dr Yogendra Sharma	Human Factors and Non-Technical Skills During Resuscitation- Dr Smita Moitra
14:00 - 14:20	Beyond ATLS: Managing the Complex Polytrauma Patient- Dr Peter Cameron	Unstable Pulmonary Embolism in ED- Dr Vivek Solapure	Whole Body POCUS: The Probe that Sees it All: Dr Kedar Toraskar	Parent concern: Underutilized vital sign in pediatric Emeregency care- Dr, Simon craig		Two Lives in One Trauma Bay- Dr Syed Hasan Raza	Emergency Airway Management- Nursing Perspective- Mr Bibeesh Baby
14:20 - 14:40	Traumatic Brain Injury 2026: Preventing Secondary Brain Damage- Dr Amit Gupta	Acute Liver Failure in ED: Dr Vaishali Sulao	ECHO powered Emergency Physician- Dr Kiran Verma	ETAT vs PAT vs PREM : Does one Triage system fit all? Dr. Sharada		When the Patient is Bleeding Faster than you can Transfuse- Dr Vinay Kumar Soni	Trauma Nursing: Initial Assessment & Resuscitation- Dr Munazza Sheikh
14:40 - 15:00	Trauma Team Leadership: Command, Communication and Coordination- Dr Mabel Vasnaik	Critical Care Without Walls: From the resuscitation bay to definitive care- Dr Prasanna Nadarajah	Lung Ultrasound in Acute Dyspnea- Dr Bharath Patidar	Reimagining Pediatric Triage: Innovation, Evidence, and Implementation- Dr Pranam GM		Networks Before Hospital- Dr Rushi Patel	Stroke Code: Time-Critical Nursing Interventions to improve Door-to-Needle & Door-to-Balloon Times- Dr Durga Vaidya
						Smart Ambulances: How we can Save Lives Before Reaching the ED- Dr Viju Wilben	Point-of-Care Diagnostics in ED: From Rapid assessment to Timely Intervention- Ms Maria Alex
15:00 - 16:00	Inauguration- EMCON 2026						
Panel	Panel discussion			Breathing	16:00	The Study that Changed Everything or Did It?- Dr Attish Garg	Debate

16:00 - 16:30	Thriving, Not just Surviving:Playing the Long Game in EM Moderator- Dr Ketan Patel Panelist: 1. Dr Peter Cameron 2. Dr Mabel Vasnaik 3. Dr Dhileeban 4. Dr Mohammad Nadeem 5. Dr Ananth Nag Kadiyala	Future Ready Emergency Physicians: Preparing the next Era of Emergency Care- Moderator Dr Sameer Rathi Panelists: 1. Dr Iain Beardsell 2. Dr Sagar Sinha 3. Dr Sanjay Mehta 4. Dr Venugopal PP 5. Dr Dhavapalani	The Right Care, Every Time, Everywhere: Can We Do This? Moderator - Dr Pushkar Shah Panelists: 1. Padmashree Dr Subroto Das 2. Dr Dhyaneshwar Shelke 3. Dr Charudutta Vaity 4. Dr Nilanka Mudithakumara 5. Dr Sanjukta Dutta	16:00- 16:20 Nurse-Driven Bronchiolitis Care: From Recognition to Recovery- Dr Sharon O’Brien		Meet your New Research Co Author: AI- Dr Nayantara Das	Checklists Save More Lives Than Experience 1. Mr. Krishna Das 2. Ms. Bhakti Mhatre 3. Ms Subaranjani Nagraj 4. Ms. Saraswati
Theme	Collaboration Across the Acute-Care Continuum	Educating the Next Generation	Innovation in ED	16:20- 16:40 Every breath counts: Interesting Respiratory emergencies- Dr. Sivaraman		Venom in the Veins: ED Priorities- Dr Mohit Garg	
16:30 - 16:50	ED–ICU collaboration during the first six hours- Dr Haider Abbas	How to rewire the Emergency brain- mental models for Emergency physicians Dr Kaushila Thilakasiri	Intelligence at the Bedside: AI-Enhanced Clinical Decision Support- Dr Danish Salim	16:40- 17:00 Pulse Oximetry: ILCOR 2025/2026 Update—What Clinicians Need to Know- Dr. Bharat choudhury		Grant Reviewer has 10 minutes: Will your Proposal Survive? Dr V Niranjani	Emergency Nursing Pictionary & The Future ready ED Nurse
16:50 - 17:10	Emergency surgery pathways for time-critical disease- Dr Sapna Gupta	Entrustable Professional Activities in EM: Translating Competence into Independent Practice- Dr Iain Beardsell	Biomarkers in Emergency Medicine: From Diagnosis to Precision Risk Stratification- Sponsored (Dr Nitin Jagasia)	Circulation		The DKA Patient who looked Stable until He Arrested- Dr Pankaj suryawanshi	The Digital Emergency Room Nurse- Dr Aparijita Mitra
17:10 - 17:30	Artificial Intelligence for Triage in ED : Promise vs Bias- Dr Prasad Rajhans	Competency-Based Education: Progression Beyond Time and Case Numbers- Dr James Kwan	Presepsin as gamechanger- Dr Anurag Agarwal	17:00- 17:20 Sick surgical child- Dr Dattatray Bhusare		The Worst Headache of Her Life- Dr Sanket Nandhini	Building Safer ED Nursing Practice- Dr Sneha Vaidya
Theme	Debate			17:20- 17:40 Open Doors, Open Hearts: Family-Witnessed Resuscitation in Pediatric Emergency Care- Dr Raghavendra N Vanaki		Research Networks- Dr Nainika Shah	ED Nursing Research: Translating Clinical Experience to Published Evidence- Ms Roopali Wagh
17:30 - 17:45	AI versus Instinct: Who should make the Critical Decision in ED- Dr Kamal Palta vs Dr Shukur	Burnout Is a System Failure or an Individual Failure- Dr Aprajitha Priyadharshini vs Dr Nithin PR	"Trauma Leadership in Golden Hour: Specialty or System Dr Murtuza Bagwala vs Dr Sanjay Shah	17:40- 18:00 Not All Blue Is Cardiac: Evaluating Cyanosis in the Emergency Room- Dr. Aravind		Surviving the Autonomic Storm of Scorpion Sting- Dr Samuela Rego	Q&A session
17:45 - 18:00	Just Because We Can Resuscitate, Does it Mean We Should? Dr Suhail Nazki vs Dr Soumya Chandrashekar	What does the Indian ED actually Need? Innovation versus Reality Dr Ajithesh Roy vs Dr Bhagyashri Shavi	Biomarkers vs conventional lab: Fact or Fantasy- Dr Arpit Murarka vs Dr Shruti Patki	18:00- 18:20 Pressors Under Pressure: Dopamine or Adrenaline Infusion in Pediatric Shock? Dr. Murali T		Dr Sameer Sadhawartha	
						Dr Samrat Chavan
