Trauma Masterclass: Thriving in high-pressure situations

Are you ready to take your trauma expertise to new heights?

Join us for this one-day workshop and gain the confidence to make critical decisions under pressure, ensuring optimal outcomes for your trauma patients. This is a golden opportunity to revolutionise your skillset, elevate your career, and save countless lives.

Why Attend our Trauma Masterclass?

- **Beyond Standard Approaches:** Dive deeper into trauma management, exploring the intricacies and controversies that can shape your decision-making process.
- **Tools for Life-Saving:** Acquire a comprehensive toolkit of strategies and techniques that will enable you to save lives, promoting positive patient outcomes.
- **Unravel Complex Cases:** Develop the skills to untangle the most challenging trauma scenarios with finesse.
- **Network with the Best:** Immerse yourself in the wisdom of seasoned experts with extensive trauma management experience, benefiting from their insights and real-world case discussions.
- **Elevate Your Career:** Become a trusted leader in trauma reception and resuscitation by setting a new standard of excellence in your practice.

What's in Store for You?

- **Expert-Led Workshop:** Led by renowned trauma specialists from Australia, participate in practical sessions where you'll refine your skills and explore innovative techniques.
- **Case Studies and Analysis:** Uncover the secrets of successful trauma management through in-depth case studies and analysis of real-life emergency situations.
- **Interactive Discussions:** Engage in interactive sessions and discuss trauma management with medical experts.
- **Real-Life Simulation:** Participate in a realistic trauma scenario to enhance your decision-making abilities and boost your confidence in high-pressure situations.

Don't miss out on this opportunity to become a true trauma master! Book your spot today and unlock the secrets to saving lives.

Trauma Masterclass: Thriving in high-pressure situations

FACULTY

Dr KPP Abhilash is a Professor and Head of Emergency at Christian Medical College, Vellore. He has more than 180 research publications and has authored 3 editions of the book 'CMC Vellore Handbook of Emergency Medicine'. He has more than 30 active research projects going on with special interest in promoting undergraduate research.

Professor Peter Cameron is the Academic Director of The Alfred Emergency and Trauma Centre and Professor of Emergency at Monash University. He is past president of the International Federation for Emergency Medicine and the Australian College for Emergency Medicine. Peter has been influential in the development of the emergency medicine specialty globally and has consulted and published on trauma and emergency system development.

Dr Arun Ilancheran holds Specialist Fellowships from the College of Intensive Care and Emergency Medicine, and a Bachelor of Medicine-Bachelor of Surgery with Honours. He is an Adjunct Lecturer at Monash and Notre Dame Universities and is dedicated to improving the education of medical students at public hospitals. Dr Ilancheran is also the lead Tutor for The Emergency Medicine Certificate in India.

Dr Cecil Johnny joined the Alfred Health in 2010 after completing a MBBS and Master of Surgery. He went on to receive a Fellowship with the Australasian College for Emergency Medicine in 2017. Dr Johnny has significant surgical experience including general surgery, cardiothoracic surgery and vascular trauma.

Dr Panagiota Kakridas is an Emergency Physician and Trauma Specialist at The Alfred Hospital. With a strong commitment to medical education, Dr. Kakridas also serves as a facilitator for The Procedures Course, contributing to the development of clinical skills and the training of future healthcare professionals.

Dr Divya Karna is an Emergency Physician and a Director of Emergency Medicine Training at Alfred Health. She has a passion for medical education, having participated in global health initiatives in the Asia-Pacific region. Divya currently serves as an Examiner for the Australasian College of Emergency Medicine.
